► **Currency Account Options** MALAYSIAN RINGGIT 

From this page you have several options to administer your currency accounts. Currency accounts are accounts that you may add to your profile which are funded in a different currency. If you have more than one currency account, each time you log into EzyBonds, you will be given the choice of which currency account you wish to log into. You may only deposit and withdraw funds to and from each currency account via a credit card or bank account which is funded in that particular currency.

[Switch To Other Currency](#)
[Change Default Currency Account](#)
[Delete Currency Accounts](#)
► [Add New Currency Accounts](#)
[View Currency Account Balances](#)

Choose your preference currencies and click ADD.

► **Add A New Currency Account** MALAYSIAN RINGGIT 

Below are the currencies currently available for adding to your profile. Please select the currency you wish to add and click the "Add Currency Account" button.

Each currency you add to your profile operates independently of any other currencies you may have added although you may transfer funds from one currency account to another.

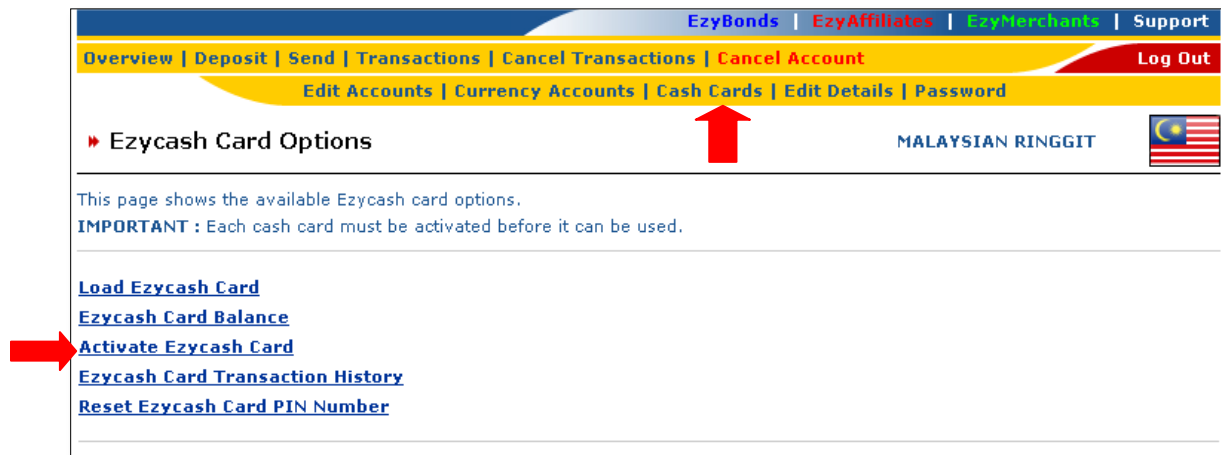

Select Currency
